

Natural Resource Plan Update

Focus on Trails and Dispersed Recreation

Clay Guerry and Will Jagels

Natural Resource Planning and Programs

Regional Resource Stewardship Council

October 22, 2012

Measures of Success

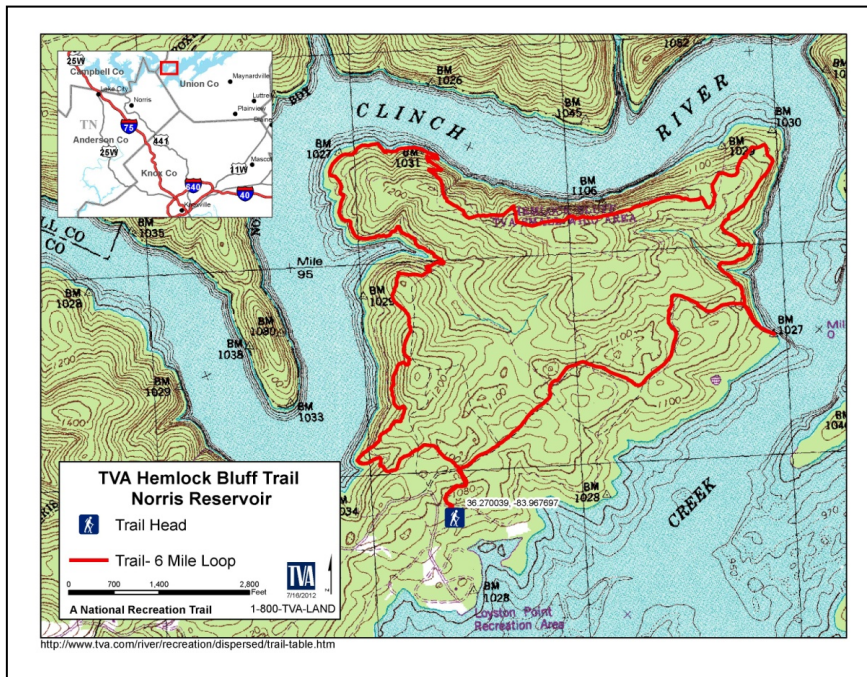

Resource Area	Measures of Success	Timeframe
Biological Resources	— Maintain all trails and informal recreation areas in “good” condition or close area permanently or until brought up to standards	— 20 years

Trails and Dispersed Recreation

- All trails on TVA managed lands have been assessed and mapped.
- 125 miles of trail are open and 12 miles are temporarily closed for rehabilitation.
- Maintenance occurred on all high priority trails in 2012 to ensure safe public use – activities included litter/debris clean up, signage, stakeholder engagement, and access measures.
- Repairs were implemented at 68 user-impacted dispersed recreation areas.

PLEASE USE LEAVE NO TRACE PRACTICES

- Carry out all litter when you leave.
- Camp in existing areas or on durable surfaces.
- Do not disturb cultural or historic artifacts or sites.
- Respect other visitors and wildlife.
- Do not cut or damage trees or other vegetation.
- Use existing fire rings.
- Dispose of solid human waste by digging a hole 8 inches deep at least 200 feet away from water, cover hole when finished.

Enjoy your stay using Leave No Trace ethics (www.lnt.org).

Trails and Dispersed Recreation (cont.)

- Tellico's East Lakeshore Trail was recognized as a *National Recreation Trail* by the Secretary of the U.S. Department of the Interior, Ken Salazar. This 22-mile trail, which crosses TVA-managed land, is a partnership between TVA and the Watershed Association of the Tellico Reservoir.

- Trail locations, maps, and directions are available through TVA's web-based educational campaign, as are dispersed recreation sites on TVA-managed public lands.
